VISIONMOUNT® FLAT-PANEL TV ACCESSORIES

- « Cable tunnels can be used individually or vertically stacked to hide greater lengths of wire runs
- « Cable tunnels are easily mounted and snap open for quick access to wires
- « Universal mounting brackets fit most flat-panel speakers
- « Built-in wire management channels conceal and organize cables
- « Paintable cable tunnels can blend in with any home décor
- « Mount arms have pads that cushion, protect and stabilize the AV component
- « Speaker mount moves with the TV for an optimal listening experience
- « Mounting brackets to extend up to 12" to accommodate a wide variety of speaker and TV widths
