ENJOY THE ADVANTAGES!

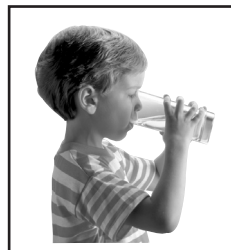

- Removes chlorine from laundry.
- Reduces chlorine taste and other municipal water treatments. Improves the taste and odor of water.
- Chemical free filtration uses natural granular activated charcoal.
- Easy to install - plumbs directly into 3/4" line before water heater.
- Wastes no water, uses no electricity, is chemical free.
- Easy to replace mineral approximately every three years. Only tool needed is a shop vac.
- 10 year warranty on NSF approved fiberglass tank.

Service Flow Rate	5 GPM
Backwash Rate	Wastes no water
Total Space Required	10" x 42"
Replacement Mineral	1 cu. ft.
Gravel, Underbed	20 lbs.
Max. Operating Pressure	100 psig
Min. Operating Pressure	20 psig
Max. Operating Temp.	100° F
Plumbing Port Pipe Size	3/4" NPT

Includes activated carbon mineral and gravel underbed.

Model 344-0005 FOR MUNICIPAL WATER ONLY

WATER FILTER Bottled Water Factory for every outlet in your home

Takes contaminants out of drinking water and beverages.

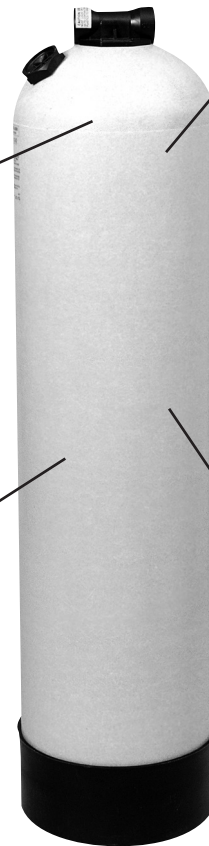

Removes chlorine from laundry.

Improves water taste & odor throughout the entire home!

Provides chemical free bathing for healthier skin & hair.

Save Money with the Bottled Water Factory

Quality Whole House Filtration for only Pennies a day!

Zoeller Deluxe Undercounter Filter Benefits

Unlike the small cartridge type carbon filters which need to be replaced each month, the Zoeller Deluxe Undercounter Filter can last up to 3 years under normal conditions before carbon replacement is necessary.

Plus, the Deluxe Undercounter Filter allows a normal rate of water flow of approximately three gallons per minute through the faucet. Most cartridge type filters and faucet mount filters restrict water flow to a level that requires considerable time to fill a pan with water. Or, they have no restriction control at all, which means little contact time with carbon and therefore less effective removal of contaminants present in the water. More mineral, more contact time with water, less hassle with changing cartridges every 45 days.

ENJOY THE ADVANTAGES!

- Effectively reduces: bad taste, odors, chlorine, organic chemicals, at point of use.
- Simple to install - easily replaces standard cartridge filters.
- Easy to replace mineral approximately every three years.
- Compact size (7" x 7" x 20.5" h) fits conveniently under standard kitchen sink.
- Improves the taste and odor of water and beverages.
- Wastes no water, uses no electricity.
- Chemical free filtration - uses granular activated carbon.
- 10 year warranty on NSF approved fiberglass tank.

NOTE: Carbon filter mineral must be replaced periodically to ensure filter effectiveness. Maximum life is 3 years. For your 3 year carbon replacement, order carbon refill kit 10-1374.
