**mobile series**

The Chameleon Mobile Series  
Ear Sets Deliver Superior  
Performance And Comfort While  
Adapting To Virtually Any Mobile  
Communication Product

With over 20 years experience in the design and development of commercial grade telephone headsets, the Chameleon management team has delivered another major engineering advancement. Engineered for maximum compatibility and performance with advanced design elements for comfort and the highest quality standards and you have the Chameleon Mobile series.

The Chameleon Mobile series has been optimized to adapt to the best of existing mobile and cordless telephones and the demands of the future to deliver the most versatile ear set that others are only dreaming about.

Packed with power and versatility, the Chameleon Mobile series delivers better performance, comfort and functionality than any other brand. Whether in use for a few calls or a full day, the Chameleon Mobile series enables you to hear more clearly and sound more natural than ever before.
