

MUSICAL FIDELITY

A100 Integrated Amplifier

[Print This Page](#)

OVERVIEW

Strongly biased into Class A (roughly 93% of music is in Class A), the A100 benefits from the sonic advantages of Class A operation, without the drawbacks of immense heat and vast power consumption of pure Class A. It is a low feedback design with passive preamp, phono and RIAA stages, and a sophisticated power supply.

FEATURES & BENEFITS

SPECIFICATIONS

Power output per channel at 8 Ohms, <1%THD	50 watts
Phono MC	200 μ V
Phono MM	2mV
Line inputs & Sensitivity	200mV CD, Tuner, Aux, Tape
