

# MUSICAL FIDELITY

## A200 Integrated Amplifier

[Print This Page](#)

### OVERVIEW

If Class A appeals to your musical instincts, but you want more power, listen to the new A200. The newest member of the A1 range, the A200 has a circuit topology similar to the MA50 and will deliver twice the current of an A100. It is an exquisitely proportioned package which offers extraordinary sonic performance. The A200 works well with MC-4, MC-5 or, if you are not a head-banger, MC-6 loudspeakers.
