

PANELS

Raxxess makes panels for all applications. If you are either filling space or machining for a custom job, if you need to match the finish on other equipment or have a particular function in mind, Raxxess has the widest variety of panels available anywhere. All steel panels are black powder coated in smooth or textured finishes. All aluminum panels have a brushed black anodized finish.

FPL fan panel

a. Heavy duty, 16 gauge steel; three space panels: punched to accommodate 1, 2 or 3 4 1/2" diameter fans; textured finish. FPL-1 = 1 fan, FPL-2 = 2 fans, FPL-3 = 3 fans. All are 3 spaces in height. Fans sold separately. See page 14.

QFPL quiet fan panel

Ultra quiet fan kits come pre assembled with one or two fans mounted to brushed, black anodized aluminum panels with wire fan guards. AC adapter included. Rated at 28dBA per fan. QFPL-1 also available (not shown).
Now available in charcoal, sapphire, ruby or gold anodized aluminum!

VPL vent panel

b. For passive cooling of racks; .125" aluminum; 1, 2 or 3 space. Black brushed anodized or clear finish.
Now available in charcoal, sapphire, ruby or gold anodized aluminum!

AFG aluminum flanged panel

c. 1/2" flanged for additional strength; sturdy .060 aluminum; available in 1 through 4 rack space versions; easily machined. Attractive black and clear brushed anodized.
Now available in charcoal, sapphire, ruby or gold anodized aluminum!

SFT steel flat panel

d. Sturdy 14-gauge cold rolled steel; perfect for use where economy is the key; 1 through 4 spaces; smooth finish. 5, 6 & 7 space available.
Now available in cherry red or regal blue powder coat!

SFG steel flanged panel

e. 16-gauge, cold rolled steel; 1/2" flanged for additional strength. Perfect for use where economy is the key. 1 through 4 spaces; textured finish. 5, 6 & 7 space available.
Now available in cherry red or regal blue powder coat!

AFT aluminum flat panel

f. .125" aluminum; easily machined; available in 1 through 4 rack space versions. Black brushed anodized or clear finish.
Now available in charcoal, sapphire, ruby or gold anodized aluminum!
