

RESIDENTIAL / BOARDROOM

**ESKR skeleton rack**

The Elite Skeleton Rack from Raxxess is designed for special installations where aesthetics are paramount. Four brushed and anodized aluminum posts surround vinyl clad MDF sides, finished in either textured black or silver to simulate a clear, brushed aluminum. The top is again vinyl wrapped 3/4 inch MDF finished in a rich and complimentary carbon graphite pattern. The bottom is black vinyl over 3/4 inch MDF. The ESKR comes knocked down and is easily assembled in just a few minutes. Front door is optional. Available in 24 rack spaces.

**Our easiest rack to put together yet!**

Model	Height	Width	Depth
ESKR-12T	22.625"	63.0"	27.0"
ESKR-12D	22.625"	42.625"	27.0"
ESKR-24	43.625"	22.375"	27.0"

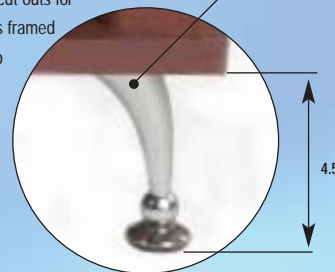

**Boardroom Group**

The Raxxess Boardroom Group (BRG) is elegant, versatile and flexible. The "java" color finish is vinyl wrapped over medium density fiber board and is both rich in appearance and highly durable. Its contemporary style and strength will enhance both the office and home environment.

The BRG "Lowboy" is available as a double or triple unit. These shelves have cut outs for channelling cable runs from top to bottom. Units may be outfitted with matching doors framed around perforated steel inserts for ventilation. A rear panel is offered with hardware to offset it from the unit allowing for cable passage from the furniture and increased air flow. Nickel plated hi-tech legs are optional.

The BRG "Highboy" is of similar construction. It comes standard with your choice of 3 vinyl shelves or 24 spaces of rack rail for front mounting. BRG furniture is shipped knocked down and requires only minimal assembly.

Optional Nickel Plated Hi-Tech Leg

**BRG-24**  
Raxxess Logo Panel not included.

**BRG-12D**  
Raxxess Logo Panel not included.
