## Qv - Vocal Headset Microphone

The Qv headset mic allows drummers, keyboardists and other musicians to perform "hands free" vocals without affecting their playing technique. It produces a full-range sound with a enough definition to ensure that every word is heard clearly, even at higher volume levels.

- Sophisticated condenser mic element
- Hypercardioid pattern helps eliminate feedback
- 50 Hz to 18 kHz frequency response for a balanced, full-range sound
- Withstands high sound pressure levels
- Lightweight and comfortable design
- Adjustable metal gooseneck for easy mic positioning
- Locking detachable P3 connector reduces cable/connection problems
- PM4 phantom power adapter included
