# DTC550 CARD IDENTITY SYSTEM

## CREATE SECURE CARDS ANYWHERE WITH ONE VERSATILE SYSTEM.

**The fast track to designing, printing and managing secure ID cards.**

This DTC550 Card Identity System includes everything you need to create secure ID cards such as employee ID badges, student IDs and preferred customer cards. Fargo system experts have already done the matched-system work for you. They've pre-configured the best-in-class hardware and software components and made sure everything works together. All you have to do is make cards.

**An out-of-the-box system that starts here. And expands anywhere.**

Right out of the box, you'll be ready to design, print and manage the production of secure ID cards using Asure ID Express, a powerful, yet easy-to-use photo ID software. And, this DTC550 system is as flexible as it is capable. Its modular design allows the system to expand when your needs do. This versatility allows you to:

- Add functionality to your cards at any time, with optional encoding modules for up to three different encoding technologies.
- Add security and durability to your cards at any time, with holographic Visual Security Solutions™ and the optional lamination module.
- Add Ethernet connectivity for card issuance anywhere on your network.

For a secure, versatile and money-saving solution that's ready right out of the box, choose the DTC550 Card Identity System.

**PN #92979**
