CONCEPT II

Flatbed Imprinters

NBS

Concept II - This premium quality short bed "Top of the Line" credit card imprinter has been specifically designed for cost effective high volume imprinting on both 51 and 80 column sales vouchers.

High quality, high volume, cost effective impressions, compact size

Concept II 4830 - Combines the best features of a metal based Flatbed imprinter in a small footprint that requires little counter space and still accepts all credit cards for imprinting onto the two standard sales vouchers.

Designed specifically, with an aluminum base, the Concept II 4830 is one of the most durable imprinters available

Concept II 4815 - Offers the lightweight and rigidity of a thermoplastic base making the Concept II the most durable and lightweight imprinter available. With a small footprint that requires little counter space, the Concept II 4815 still accepts all credit cards for imprinting onto the two standard sales vouchers.

Concept II imprinters come with an integral "skirt" that can be readily decorated with customer name or logo, creating a truly "Deluxe" machine.

For all types of card systems, the Concept II imprinter is maintenance free, cost effective and in high volume applications, delivers quality OCR compatible imprints on a consistent basis.

A FULL RANGE OF FLATBED IMPRINTERS

The NBS range of Flatbed imprinters specifically designed for retail merchant use - the work horse of the industry - guarantees cost effective OCR compatible impressions in both full size lightweight thermo-plastic and rugged aluminum deck models plus the Concept II "short bed" models for use where space is at a premium.

All NBS Flatbed imprinters come with two individually adjusted print rollers and smooth easy operation that ensures a first class impression, to OCR standards, with every pass.

Specialty models can also be supplied with ink rollers for cheque verification.

INNOVATIONS AND OPTIONS

NBS imprinter innovations geared to market needs are available as options on all models including the unique NBS "No Card, No Print" that prevents imprinting without a card in place. Models can be supplied with a "T&E" dater with 1st line daters available only on certain specialty models.

No card, No print.

6 Digit dater.

WARRANTY AND SERVICE

NBS offers an extensive warranty program and after sales service on all NBS imprinters.
