

SMS DISPLAYSTAND

Use the stand instead!

The SMS display stand is available at last. The perfect way to demonstrate and display SMS brackets anywhere in your store.

The display stand gives you the freedom to display large and small Flatscreen brackets in a variety of combinations. The stand is specially fitted with an overhang on top where you can hang both long and short SMS Projector brackets. The display stand allows the customer to actually touch and interact with the products to see how they work.

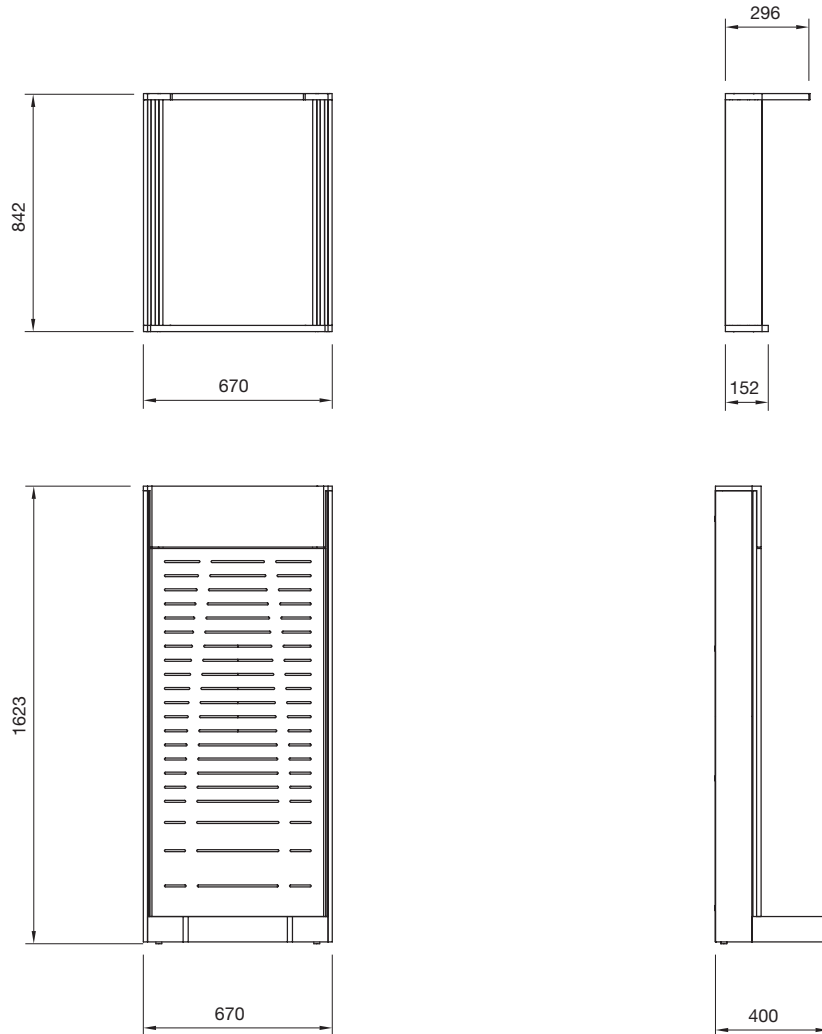

The display stand also has a built-in brochure holder perfect for our minifolder. Mounting brackets on the display stand is easy.

Easy-to-follow instructions are included of course.
