Jewelry & Dental

Hoffman/New Yorker **JEL and GEM Series** steam cleaners offer unprecedented Micronics cleaning. They have been proven as the ideal choice for the jewelry industry, dental labs, precious metals, eyewear, crystal industries, surgical labs, and clean room applications. Grease, grime and micro-deposits disappear in seconds. Oxidation and deposits are removed from the tiniest crevices for a bright, sparkling finish. Hoffman/New Yorker steam machines offer outstanding value and choice from our newly developed **Gem Series** atmospheric type cleaners to our **6-gallon JEL Series**. All are built to the highest safety standards and are **U.L.** and **A.S.M.E.** approved.
