

BCCB-20 Double Lapel Press Series

The **BCCB-20** is the perfect press for properly finishing any garment with lapels, which is a difficult operation on a conventional press. The **BCCB-20** was designed to shape and press both the lapels in one operation. The unique shape accommodates both wide and narrow lapels. The **BCCB-20** will yield the highest quality and lower your labor costs by de-skilling this operation.
