E-12

If elevators help move you around, the E-12 will give your efficiency a lift.

Compact design allows the E-12 to fit in tight corners. A traveling speed of 7 mph lets it transport you and your stock twice as fast as by foot! Save four hours over every eight hours of walking work, and increase your time for value-added service!

The E-12 features durable steel construction and a loading platform for a range of applications.

Benefits

RANGE OF APPLICATIONS:

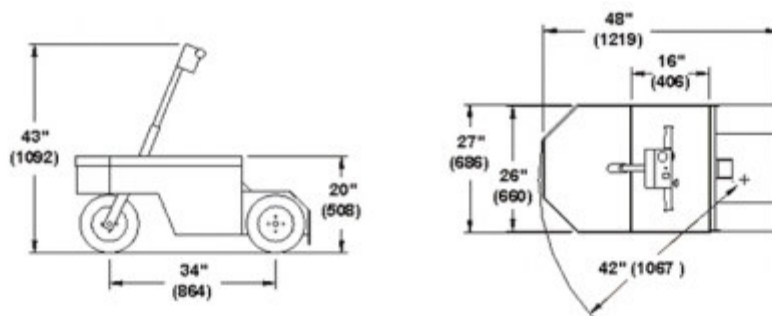

- Mail delivery.
- Maintenance.
- Order picking.
- Supervision.
- Plant security.
- First aid.
