Simple solutions for a hundred jobs in the warehouse, manufacturing plant, or food-processing center. Poly Box Trucks are available in 14 sizes and two styles to fit a full range of applications. Containers are molded of durable, high-impact polyethylene for a long service life. Poly Box Trucks can be ordered with vertical corner ribs for superior rigidity and strength.

Containers are designed with a generous roll-over lip for easy-on-the-hands control. Optional hinged lids are available for most sizes.

Benefits:

- Highly durable construction
- Designed for versatility
- Easy to clean and maintain
- Straight walls for efficient use of space
- Container resists weak acids, grease, oil
