E-262

The E-262 stock chaser is the king of productivity.

Its 60" long deck carries 25% more goods to save return trips and give more time for packing and shipping.

Dual front wheels ensure the stability required to exploit the whole deck area.

Larger drum brakes facilitate the treadle operation to avoid operator fatigue.

Upgraded E-266 comes with a 10 hp motor for trailer towing, and a 36V battery providing 50% more running time.

Benefits

PRODUCTIVITY. 60" long deck, 25% more cargo space for fewer return trips.

SAFETY. Dual front wheels to ensure stability and exploit the whole deck area.

ERGONOMICS. Light-touch control treadle to avoid operator fatigue.

ENDURANCE. Powerful 6 hp motor.

DEPENDABILITY. Larger self-adjusting drum brakes, shorter stopping distance.

DURABILITY. 14-G diamond-plate steel body.

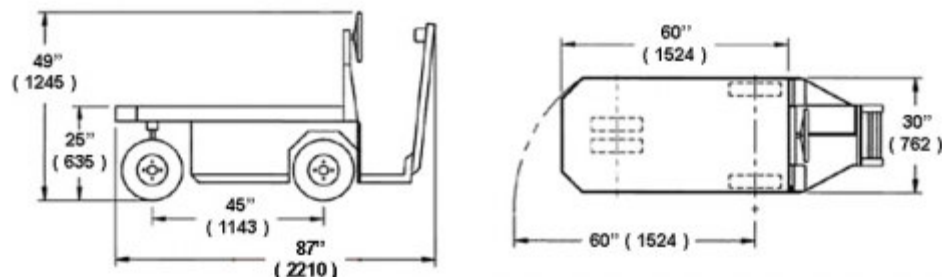

ROUND-THE-CLOCK OPERATION. Optional roll-out battery box.

E-262

Dimensions

Technical specs

Type	24-volt Stock Chaser
Capacity	*1,000 lb. (454 kg)
Speed (Max)	8 mph (13 km/h)
Motor	6 hp
Controller	Electronic speed controller. Single right-hand side foot treadle for speed and brake control.
Battery	Four 6V-220AH batteries
Charger	25 amp, built-in, automatic
Transmission	Direct drive
Drive axle	Helical gear differential
Brakes	Dual self-adjusting mechanical drum brakes on rear. Failsafe brake on the control treadle.
Steering	Automotive steering wheel
Suspensions	Rigid axles on front and rear
Seats	Padded backrest
Indicators	Battery status indicator
Safeties	Optional reverse alarm and deadman foot switch
Lights	Optional
Accessories	Horn
Wheels	4.8x8 LRB pneumatic tires
Unit Weight	840 lb. (380 kg)
Options	Reverse Alarm. Deadman foot switch. Rear Ladder. Roll-out or lift-out battery box. Digital battery status indicator. Hour meter. Maintenance meter. Strobe light.
Standard	Conforms to requirements for type E as stated in UL 583 and ANSI B56.8
Notes	*includes 200 lb. per passenger. Specifications and standard equipment are subject to change without notice.
