

Stellar Cranes

The Stellar EC2K, or Econo-Crane 2000 is an economical service crane with a 6500 ft/lb. capacity. This mast crane is designed to be mounted on bodies ranging from foreign and domestic pickup boxes, to large garbage packers, and any application in between. The EC2K has four lifting positions, a hand-operated brake, and one folded position for space saving storage.

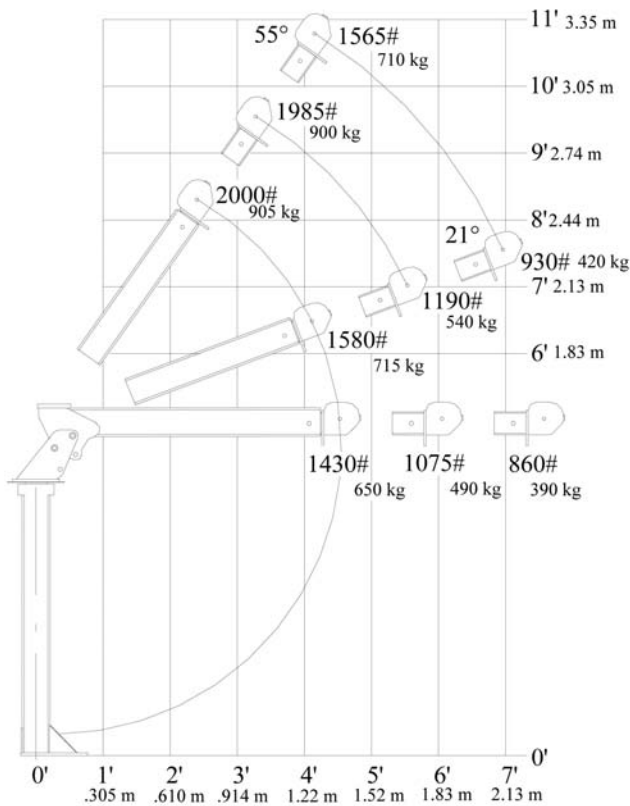

The EC2K-P offers a 12-volt power rotation for added ease of operation. The EC2K line of cranes has a 2000 lb. capacity (two-part line), with the option of a single-part line. It can be extended from a 4-foot stowed position to a maximum 7-foot reach. The rugged, dependable, 12-volt electric winch has a twelve-foot detachable remote control pendant to allow operation of the crane safely from the load area. With a line speed of 20-ft./min. one person can safely load and unload payloads up to 2000 lbs. quickly. For ease of operation, and economical investment, this crane is built to the highest standards demanded of all Stellar products.
