PYTHON™ DIGITAL

HDMI Repeater

Home Theater, HDTV & Digital TV Connections

- Equalizes digital video sent over long stretches of HDMI cables
- Extends the reach of the HDTV source up to 150 feet
- Ideal for HDMI-compatible digital video recorders, DVD players/recorders, cable/satellite digital set-tops, HDTV sets and high-resolution monitors
- Also DVI-D compatible for digital (video-only) connections through the use of adapters
- Maintains high-definition resolutions up to 1080p (or 1920x1200 for computer monitors)
- Fast, easy installation with HDMI cables
- Supports DDWG standards for HDMI-compliant monitors
- HDCP compliant
- Includes 5VDC power adapter (needed for longer length applications) and user's manual
- Also available: HDMI switches, HDMI cable, HDMI-to-DVI cable and HDMI-to-DVI adapters

HDMI Repeater
516-011

Product Description

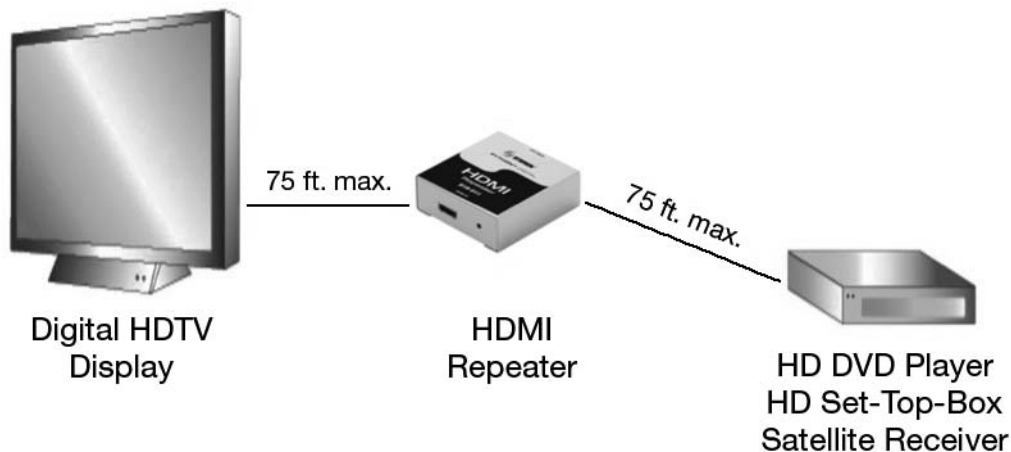

Perfectly addressing the needs of today's digital entertainment consumers, Steren's **Python™ Digital HDMI Repeater** is an absolute "must have" companion for HDTV equipment with an HDMI or DVI-D port. With this valuable device, digital displays can be mounted far from the video source. The HDMI Repeater extends the reach of an HDMI cable, allowing connections up to 150 feet, while maintaining digital video and multichannel digital audio quality through signal regeneration. It supports resolutions up to 1080p (or 1920x1200 for computer monitors). All that's needed for a quick installation are two HDMI male-to-male cables up to 75 feet in length. Or use adapters for DVI-D (video-only) digital connections. The HDCP-compliant HDMI Repeater comes with a 5VDC power adapter and simple-to-follow user's manual.
