

# FLAT PANEL SPEAKER FOUNDATIONS™

High-performance speaker stands, new contemporary design

Sanus Flat Panel Foundations™ speaker stands offer a unique and innovative sleek, parabolic shape. With everything from an **integrated wire path** to the decorative **tempered-glass base** with stylish chrome feet, these speaker stands offer a perfect combination of contemporary style and fine construction. And **adjustable height** allows speakers to be aligned for the best listening experience.

« Sleek, modern style is finished with large chrome feet and adjustable carpet spikes

« Adjustable mounting track allows speaker to be aligned at optimum listening height

« Extruded aluminum column provides extreme rigidity with a contemporary design

« Large integrated wire path easily conceals and protects cables

« Strong, extra-thick, decorative tempered-glass base supports up to 20 lbs

« Parabolic shape designed to complement new flat-panel TV speakers
