Product Description

To ensure superior audio/video outlet connections for a custom structured wiring system, always rely on Steren's Decorator-Style wall plates, inserts and A/V connectors. Inserts fit securely into Steren's Decorator-Style ABS plastic wall plates. Available in 1, 2, 4, 6 and 8 round-cavity styles, the UL Listed inserts are made of smooth finish high-impact ABS plastic for a high-quality performance in any residential or commercial installation. Color-matching screws are provided for a complete installation. The companion gold-plated A/V connectors mount tightly into inserts for a neat appearance and optimum reliability.
