

## FIBER CABLE SELECTOR GUIDE

## **Jumpers/Patch Cords**

Series 10	10-001-X	1 fiber known as simplex, multimode
	10-001-X	1 fiber known as simplex singlemode
	10 002 W	
	10-002-X	2 fiber known as simplex, multimode
	10-002-X	2 fiber known as simplex singlemode
		Inside Building Fiber (Non Plenum)
Series 11	11-002-X	2 fibers known as tight buffer intra-building
	11-004-X	4 fibers known as tight buffer intra-building
	11-006-X	6 fibers known as tight buffer intra-building
	11-012-X	12 fibers known as tight buffer intra-building
		Inside Building Fiber (Plenum)
Series 33	33-002-X	2 fibers known as tight buffer intra-building
361168 33	33-002-X 33-004-X	4 fibers known as tight buffer intra-building
	33-004-X	6 fibers known as tight buffer intra-building
	33-012-X	12 fibers known as tight buffer intra-building
		Outside Duct or Aerial Cable
		Outside Duct of Actial Capic
Series 22	22-002-X	2 fibers known as loose tube, gel filled, polyethylene jacket
	22-004-X	4 fibers known as loose tube, gel filled, polyethylene jacket
	22-006-X	6 fibers known as loose tube, gel filled, polyethylene jacket
	22-012-X	12 fibers known as loose tube, gel filled, polyethylene jacket
	InDo	or/OutDoor Duct Cable (UL Riser Listed)
Series 27	27-002-X	2 fibers known as loose tube, Dry Block, PVC jacket
	27-004-X	4 fibers known as loose tube, Dry Block, PVC jacket
	27-006-X	6 fibers known as loose tube, Dry Block, PVC jacket
	27-012-X	12 fibers known as loose tube, Dry Block, PVC jacket
		Direct Burial Cable (Armored)
Series 28	28-002-X	2 fibers known as loose tube, Dry Block, armored, polyethylene jacket
	28-004-X	4 fibers known as loose tube, Dry Block, armored, polyethylene jacket
	28-006-X	6 fibers known as loose tube, Dry Block, armored, polyethylene jacket
	28-012-X	12 fibers known as loose tube, Dry Block, armored, polyethylene jacket
