MONOGRAM™ 46L

Extra Long, Extra Thick Siding

CertainTeed 

Quality made certain. Satisfaction guaranteed.™

Compare the beauty of the home on the cover with this “before” photograph of the same house. With our extra long siding, these seams are eliminated.

MONOGRAM™ 46L

F I R S T S

MONOGRAM™ 46 SETS THE STANDARD FOR THE INDUSTRY

Monogram 46, and now Monogram 46 Long, is a comprehensive system of value-added features with unique benefits that combine to create a truly extraordinary siding. Monogram continues to lead the way in innovation through many important industry firsts.

▶ FIRST IN STYLE

Monogram was the first siding produced utilizing a direct transfer system from real cedar boards for a natural **TrueTexture™** woodgrain finish. Combined with CertainTeed's unique Vinyl Carpentry™ concept, the look of true wood craftsmanship can be created with Monogram and decorative trim products.

▶ FIRST IN PERFORMANCE

Monogram was the first siding designed to perform under high wind conditions through proprietary **RigidForm™** technology. The concept is based on a rolled-over nail hem design that creates a reinforcing spine.

▶ FIRST IN INSTALLATION INNOVATION

Monogram was the first siding engineered to include an integral installation guide on each panel. From the first nail to the last, the patented **STUDfinder™** system is designed to help ensure a precise installation for optimum siding performance.

▶ FIRST IN BRAND USE

Year after year, CertainTeed Siding has been **Rated #1 in Brand Use** by remodelers, builders, architects and consumers.

EXTRA LONG, EXTRA THICK SIDING

Monogram™ 46L has the same great benefits as traditional length Monogram™ 46, plus it reduces seams.

- ◆ Two Classic Styles - Two Length Choices:
Double 4" Rough Cedar Clapboard, 16' 8" or 20'.
Double 5" Rough Cedar Dutchlap, 16' or 20'.
- ◆ Heavy-Duty .046" Thickness.
- ◆ TrueTexture™ rough cedar finish molded from real cedar boards.
- ◆ Patented STUDfinder™ is designed for accurate and secure installation.
- ◆ RigidForm™ 220 technology has been tested* to withstand wind load pressures up to 220 mph.
- ◆ CertiLock™ self-aligning, post-formed positive lock.
- ◆ 12 solid colors with a wide variety of coordinating trim.
- ◆ Virtually maintenance free, never needs painting.
- ◆ Class 1(A) fire rating.
- ◆ Lifetime limited warranty.
- ◆ Works with traditional length Monogram 46 panels.

Long on Looks

With traditional 12' siding panels, seams appear every two to three feet. Monogram's longer length panels can significantly reduce seams.

The Difference is Seamlessly Clear

Two Story Wall, 20' Wide

Extra Long - 20 Feet

Long - 16 Feet 8 Inches

The STUDfinder™ Installation System

STUDfinder combines precisely spaced nail slots with indicator letters, designed for accurate and secure installation.

PATENTED

STUDfinder for Accuracy

- Nail slots align with 16" on-center standards for stud spacing
- Indicator letters help:
 - Determine location of studs
 - Ensure nails are positioned correctly
 - Ensure correct number of nails are used

STUDfinder for Security and Performance

- Nailing to studs provides a strong and secure connection
- Protects against blow offs from under nailing
- Protects against buckling from over nailing
- Helps avoid nailing into hazardous items between studs like plumbing or wiring

**STUDfinder ...
because beauty and performance
start with a quality installation**

16"

Traditional Siding Panel - 12 Feet 6 Inches

Color performance, impact resistance and durability are assured through our exclusive PermaColor™ System, a blend of our own Certavin™ resin, superior micro-ingredients and state-of-the-art pigment chemistry.

A Comprehensive System of Value-Added Features

RigidForm™ 220

Monogram's RigidForm 220 technology provides strength and exceptional wind resistance.

This double thick .092" rolled-over nail hem design increases wind resistance and stiffens the panel. This design has been tested* to withstand wind load pressures up to 220 mph.

* Wind load rating per VSI wind speed calculation guidelines.

CertiLock™

The exclusive CertiLock™ locking system features self-aligning multiple bends that snap together with an audible "click" to ensure a secure fit and more consistent installation.

Heavy-Duty .046" Thickness

Monogram 46L panels feature a true .046" thickness for outstanding strength and durability.

3/4" Panel Projection

A 3/4" panel projection provides excellent rigidity for straighter-on-the-wall performance.

Finishing Touches Start with Decorative Trim

Two great choices for one authentic, real wood look.

Vinyl Carpentry™

Vinyl Carpentry™ trim offers you a wide array of decorative design possibilities to accent your home's exterior. Replicate the look of real wood with a wonderful assortment of styles and colors – and they never need painting.

Soffits & Gables

Beaded Triple 2" Panel with Soffit Cove Molding

Cornice Molding with Cedar Impressions Half-Round accents and Vinyl Carpentry Triple 2" Beaded Soffit

Window & Door Trim

5" Lineal with Crown Molding

3-1/2" Lineal with Crown Molding, Corner Block and Rosette

Corners

Traditional SuperCorner™

Beaded SuperCorner™
