# QUALITY AND VALUE

## Authentic Woodlike Appearance

Consumer focus group testing shows that Hamilton Park's natural woodgrain texture looks more like painted wood than competitive vinyl sidings.

### RigidForm™ Technology

RigidForm™ 135 (rolled-over nail hem) technology stiffens siding for a straighter-on-the-wall appearance and has been tested\* to withstand wind load pressures up to 135 mph.

\* Wind load rating per VSI wind speed calculation guidelines.
