Siding: Monogram Double 4" and Cedar Impressions Double 7" Straight Edge Perfection Shingles in autumn yellow.  
Trim: Vinyl Carpentry™ & Restoration Millwork™.

# F I R S T S

## MONOGRAM™ 46 SETS THE STANDARD FOR THE INDUSTRY

Monogram is a comprehensive system of value-added features with unique benefits that combine to create a truly extraordinary siding. Monogram continues to lead the way in innovation through many important industry firsts.

### FIRST IN COLOR

Monogram was the first siding to offer unique, darker shades along with an industry-leading spectrum of colors backed by PermaColor™ lifetime fade protection. No other siding can match Monogram's colors, including semi-transparent stain blends, for virtually unlimited design possibilities.

### FIRST IN STYLE

Monogram was the first siding produced utilizing a direct transfer system from real cedar boards for a natural TrueTexture™ woodgrain finish. Combined with CertainTeed's unique Vinyl Carpentry™ concept, the look of true wood craftsmanship can be created with Monogram and decorative trim products.

### FIRST IN PERFORMANCE

Monogram was the first siding designed to perform under high wind conditions through proprietary RigidForm™ technology. The concept is based on a rolled-over nail hem design that creates a reinforcing spine.

### FIRST IN INSTALLATION INNOVATION

Monogram was the first siding engineered to include an integral installation guide on each panel. From the first nail to the last, the patented STUDfinder™ system is designed to help ensure a precise installation for optimum siding performance.

### FIRST IN BRAND USE

Year after year, CertainTeed Siding has been Rated #1 in Brand Use by remodelers, builders, architects and consumers.

CertainTeed  
Monogram  
Blend

Aluminum siding and ordinary vinyl siding can look glossy and fake, but Monogram Solid and Monogram Blend capture the look of real painted and stained cedar.

## Decorative Trim:

Two great choices for one authentic, real wood look.

## Vinyl Carpentry™

To enhance the look of your home, CertainTeed has taken a cue from traditional wood building methods. From the use of wide cornerposts and window casings to frieze boards and gable trim, CertainTeed has designed a complete line of wood-like architectural detail products to complement Monogram siding.

These trim pieces accentuate the lines of your home, giving it a natural hand-crafted appearance. By using these products where J-channel or F-channel would normally show, you're able to achieve the custom crafted look of freshly painted wood trim.

### Accents

### Soffits & Gables

### Corners

### Windows & Doors

## Restoration Millwork™

Restoration Millwork trim makes a statement of authenticity on any home's exterior. Made from cellular PVC, our trim is unsurpassed in its workability—no special woodworking tools are needed.

### Custom Fabrication

### Sheet Application

Trimboards, corners, and sheets available in Smooth and TrueTexture Woodgrain finish.

### Heat-formed Arches

### Painted\* Trim

## Colorful Combinations

The Monogram palette is designed to harmonize beautifully when combining colors, styles and different cladding materials – a major trend in home building and remodeling.

Monogram Double 4" in barn red with Cedar Impressions Double 7" Perfection Shingles in desert tan.

Monogram Cedar Impressions Double 7" Perfection Shingles in desert tan

Using the same color for siding and trim will simplify and unify a home.

Subtle contrasting siding and trim colors add interest and depth to a home's design.

Strong contrast and a bold color scheme make architectural details stand out and can enhance the character of a home.

**Bright, Fresh Colors**

WaterColors offer a selection of refreshing pastels.

Accents: Cedar Impressions Half-Round Shingles in colonial white.

Trim: Vinyl Carpentry™ & Restoration Millwork™.

Monogram is designed to perform  
in the harshest weather conditions.

**ENGINEERED  
FOR  
PERFORMANCE**

## Wild, Wicked Weather

Let's face it, weather happens everywhere. Virtually every part of the United States experiences thunderstorms. Some areas are also hit with hurricanes, blizzards, tornadoes, or localized wind storms. All these weather occurrences can easily pack winds over 80 miles per hour.

Many competitive products, even premium thickness panels, do not have the strength in the nail hem area that CertainTeed RigidForm sidings offer, or the added security of a proprietary locking system. Without these design innovations, chances of blow off and other weather related problems can be very real possibilities.

## A Unique System of Features

### RigidForm™ 220

This double thick .092" rolled-over nail hem design increases wind resistance and stiffens the panel. This design has been tested\* to withstand wind load pressures up to 220 mph.

\* Wind load rating per VSI wind speed calculation guidelines.

### CertiLock™

The exclusive CertiLock™ locking system features self-aligning multiple bends that snap together with an audible "click" to help ensure a secure fit and more consistent installation.

### Heavy-Duty .046" Thickness

Monogram panels feature a true .046" thickness for outstanding strength and durability.

### 3/4" Panel Projection

A 3/4" panel projection provides excellent rigidity for straighter-on-the-wall performance.

Monogram's comprehensive system of engineered features combines to help ensure peak performance.

Monogram Double 4" in savannah wicker with Cedar Impressions Triple 5" Straight Edge Perfection Shingles in sandstone beige.

## Virtually Maintenance Free

Monogram provides the authentic look of real wood that never needs painting and won't streak, peel, cup or warp like painted wood can.

**PATENTED**

## The STUDfinder Installation System

In both remodeling and new construction, achieving a high-quality siding installation comes down to basics. For optimum performance, panels should be accurately and securely fastened to studs, and Monogram with STUDfinder makes it easy to do just that.

### Accuracy and Quality

STUDfinder is engineered to align nail slots precisely with construction standards of 16" and 24" on center, with indicator letters centered under each nail slot to make it easy to locate studs and help ensure accuracy.

### Security and Performance

With STUDfinder, performance is optimized with secure siding-to-stud fastening, helping Monogram to withstand high winds.

### Protection Against Hidden Dangers

Precise installation contributes to wind load performance, and helps avoid nailing into anything located between the studs, like plumbing or wiring that could create a number of dangers...

All of the Monogram features work together to create a siding that delivers the ultimate in beauty and performance for both remodeling and new construction.

**Monogram™ 46 has a long list of features.**

- ◆ Three Classic Styles:  
Double 4" Rough Cedar Clapboard  
Double 5" Rough Cedar Clapboard  
Double 5" Rough Cedar Dutchlap
- ◆ Heavy-Duty .046" Thickness.
- ◆ TrueTexture™ rough cedar finish molded from real cedar boards.
- ◆ Patented STUDfinder™ is designed for accurate and secure installation.
- ◆ RigidForm™ 220 technology has been tested to withstand wind load pressures up to 220 mph.
- ◆ CertiLock™ self-aligning, post-formed positive lock.
- ◆ 36 low-gloss colors with a wide variety of coordinating trim.
- ◆ Virtually maintenance free, never needs painting.
- ◆ Class 1(A) fire rating.
- ◆ Lifetime limited warranty.
- ◆ Works with Monogram 46L longer length siding.

Monogram Double 4" in pacific blue.

**The Brand of Choice**

CertiTeed siding is the brand preferred by building professionals and homeowners. Surveys conducted by national trade magazines consistently rate CertiTeed Number One in brand preference, brand use and brand recognition.

**Peace of Mind**

Plus, there is the added comfort of knowing that CertiTeed, an industry leader for over 100 years, will stand behind Monogram with outstanding warranty protection.

## Extra long, Monogram 46L has the same great benefits as traditional Monogram, plus it reduces seams.

- ◆ Two Classic Styles - Two Length Choices:  
Double 4" Rough Cedar Clapboard, 16'8" or 20'  
Double 5" Rough Cedar Dutchlap, 16' or 20'
- ◆ 12 low-gloss siding colors with a wide variety of coordinating trim.
- ◆ Works with traditional length Monogram siding.

### Long on Looks

With traditional 12' siding panels, seams appear every two to three feet. Monogram's longer length panels can significantly reduce seams.

## The Difference is Seamlessly Clear Two Story Wall, 20' Wide

16 Feet 8 Inches

20 Feet

## Finishing Touches Start with Decorative Trim

Two great choices for one authentic, real wood look.

### Vinyl Carpentry™

Vinyl Carpentry™ trim offers you a wide array of decorative design possibilities to accent your home's exterior. Replicate the look of real wood with a wonderful assortment of styles and colors – and they never need painting.

#### Soffits & Gables

Beaded Triple 2" Panel with Soffit Cove Molding
