Decorative Trim – two great choices...

Vinyl Carpentry™

Create the look of true wood craftsmanship with a complete line of pre-formed decorative accents and trim pieces.

True craftsmen can be identified by their attention to detail.

At CertainTeed, we also believe in attending to details. That's why we have created a full line of decorative accents and trim pieces, which captures the detail and look of fine woodwork we call Decorative Trim. From our Half-Round shingles, molded from hand-selected cedar, to our crown moldings for windows and doors, each piece has been created to enhance the look of your home.

- Designed to add distinction to windows, doors, corners, gables and frieze boards.
- Authentic painted wood look.
- New construction and remodeling installation flexibility.
- Wide variety of colors to coordinate with siding.
- Color-clear-through construction means scratches won't show.
- Virtually maintenance free, never needs painting.
- Insulated SuperCorners.

Combine both Vinyl Carpentry and Restoration Millwork for the ultimate in wood look and performance.

Combining Restoration Millwork architectural details in the scroll work and Vinyl Carpentry Half-Round Shingles creates a one-of-a-kind crafted look in the gable end.

Shown above is Vinyl Carpentry's Beaded Supercorner and Beaded Triple 2" combined with Restoration Millwork's Denticel and Crown Moldings for that finishing touch.

Restoration Millwork's trimboards and beadboard complete the porch with an upscale look.
