

The Karbon™ articulating kitchen faucet in **Polished Chrome** provides the versatile mobility of a pull-down faucet and allows the user to release the sprayhead without losing its placement. Comprised of carbon fiber, the Karbon faucet is extremely lightweight and maneuverable, and the visual intrigue it creates reinforces a contemporary aesthetic. The beveled edge of the 8 Degree™ single-basin kitchen sink creates a subtle tone contrast within the **stainless steel** basin for a striking visual effect. In addition, the beveled edge supports the accompanying wine glass drying rack.

The Persuade™ two-piece High-Efficiency Toilet (HET) with Dual Flush technology and elongated bowl in **White** provides significant water conservation while maintaining exceptional flushing performance. A two-button actuator offers .8- or 1.6-gallon flush options for light or bulk waste, saving as much as 6,000 – 22,000 gallons* of water over traditional 1.6- or 3.5-gallon toilets. The skirted trapway and flush-to-wall installation enhance ease of cleaning. With its clean, simple lines, the elongated compact design offers an ideal solution for the contemporary bath or powder room. The Brevia™ toilet seat in **White** completes the look.

*Based on 10,000 flushes per year.
