

# HDS 3205 BE

Commercial Cold/Hot/Steam Gasoline High-Pressure Washer

High-performance and attractively priced, the HDS 3205 BE is equipped with a powerful 16 HP Vanguard engine and a 90% + fuel efficient and condensation-free burner system. It also includes safety features such as a thermal pump protection device, low 12 VAC protective control voltage and low water and fuel cut-off. Its heavy-duty, powder-coated frame can be trailer/pickup mounted and an optional wheel kit\* and stainless steel front panel also add to its versatility. In addition, all Kärcher pressure washers are backed by one of the best warranties in the industry.

# HDS 3205 BE

## Commercial Oil-Fired Cold/Hot/Steam Gasoline High-Pressure Washer

### Technical Specs

#### Part Number

1.812-804.0

#### Power Supply

16 HP Vanguard E-Start

#### Operating Pressure

870 - 3200 PSI (Infinitely Variable)

#### Water Volume

3.0 - 5.0 GPM (Infinitely Variable)

#### Maximum Water Temp.

175° / 285°F (Infinitely Variable)

#### Machine Weight Without Accessories

600 lbs

#### Machine Dimensions

55" x 36" x 49"

#### Warranty

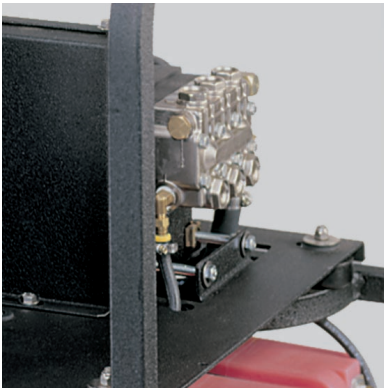

2 year limited

#### Standard Accessories

- On/Off trigger gun
- 360° pivoting stainless steel spray wand
- Kärcher 25° Power Nozzle
- 50 ft. high-pressure hose with integrated swivel

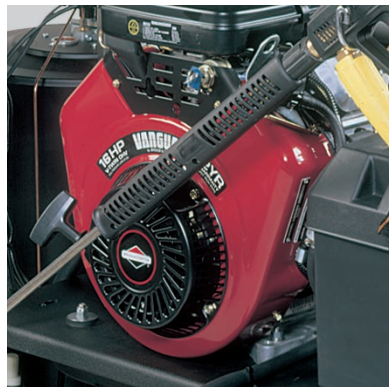

\* Part #0.400-001.0

**High-performance belt-driven General pump TS 2021** with thermal pump protection device

**Low 12 VAC protective control voltage**

Kärcher **high-performance burner system** with vertical heater coil, air insulated double jacket and anti-scale system

Powerful and reliable **16 HP Briggs & Stratton Vanguard engine**

2 large rotational molded **9 gal. fuel and gas tanks**

**Low water shut-off, pressure switch and low fuel cut-off** with warning lights for low fuel and scale inhibitor levels

**Infinitely variable** operating pressure, water volume, temp control and detergent metering
