

DRIVES & CONTROLS

FM50™

- Micro 1/4HP to 3HP AC Inverter
- Low Cost
- Space Saving Design
- UL / cUL / CE Approved
- NEMA 1 and NEMA 4 Enclosures

SA7

- Digital Solid Starter
- Keypad Display
- Serial Communications
- Available in Chassis, NEMA 1, 12, 3R, 4, and 4X
- Across-the-Line Rated Bypass Contactors
- 200-575VAC
- 7.5-1000HP (460V)
- 30-800 + FLA

FM100™

- Compact 1/2HP to 30HP AC Inverter
- Low Cost
- Keypad Mounted Potentiometer
- Maximum Output Frequency up to 400Hz
- Electronic Overload
- Process Timer
- Low Noise
- UL / cUL / CE Approved

SA6

- Solid State Starter
- 1HP to 125HP
- 200VAC to 600VAC
- Low-Cost Analog Design
- Designed for Induction or Synchronous Motors
- Across-The-Line Rated Bypass Contactors
- cUL Approved

GA7200

- General Purpose AC Inverter
- Low Cost V/Hz Design
- Proven Reliability
- UL / cUL Approved
- 16V/Hz Curves for Your Application Needs
- 230V Ratings from 1-100HP
- 460V Ratings from 1-450HP

TEAMMASTER

- Medium Voltage Solid State Starter
- Inherent Motor Protection & Fault Diagnostics
- Fault Make, Load Break Fused Interrupter
- 11 Gauge Steel Construction
- 150HP to 20,000HP
- 2.3kV to 15kV
- NEMA 1, 12, 3R Enclosures

MA7200

- Compact High Performance AC Inverter
- Sensorless Vector, V/Hz and PG Feedback Control
- 2 Line English LCD Keypad / Copy Unit
- Flexible Input / Output Options
- PID Control
- UL / cUL / CE Approved
- 230V / 460V Ratings from 1-20HP
