

HDS 1000

Commercial Cold/Hot/Steam Electric High-Pressure Washer

The HDS 1000 is a medium-duty pressure washer that offers power and convenience. Its patented, Kärcher air- and water-cooled electric motor is equipped with overload protection and the axial pump features stainless steel pistons and ceramic sleeves for trouble-free operation. The HDS 1000 also includes a high-performance burner system with a limited 5 year warranty and an integrated anti-scale device to reduce down time due to mineral deposits. Combined with a built-in variable steam mode for detailed cleaning tasks, these features make the HDS 1000 a versatile and powerful unit.

HDS 1000

Commercial Oil-Fired Cold/Hot/Steam Electric High-Pressure Washer

Kärcher **three piston, axial pump** with stainless steel valves and pistons with ceramic sleeves
Patented Kärcher air- and water-cooled, 4-pole **electric motor with overload protection**

Low 24 VAC protective control voltage
Kärcher **high-performance burner system** with vertical heater coil and air insulated double jacket

Infinitely variable operating pressure, water volume, temp. control, and detergent metering
Complete machine shut-off at trigger gun
Integrated anti-scale device
Low fuel shut-off

Powder-coated, one piece low profile chassis (corrosion proof) with semi-pneumatic tires and swivel-type caster with brake
Removable, corrosion resistant **6.6 gal. fuel tank and 5.3 gal. detergent tank**
Built-in accessory storage

Technical Specs

Part Number

1.027-851.0

Power Supply

208 - 240 V / 1~ / 60 Hz / 6.5 HP
(4-pole motor) / 30 A

Operating Pressure

450 - 2250 PSI (Infinitely Variable)

Water Volume

2.4 - 4.5 GPM (Infinitely Variable)

Maximum Water Temp.

190°F / 285°F (Infinitely Variable)

Machine Weight Without Accessories

293.2 lbs

Machine Dimensions

50.6" x 27.2" x 32.9"

Warranty

2 year limited

Standard Accessories

- On/Off trigger gun
- 40 inch pivoting stainless steel spray wand
- Kärcher 25° Power Nozzle
- 50 ft. swiveling high-pressure hose
