

MVP-SLH Retro

The MVP-SLH is a rear projection mirror system that features a 94% reflective glass mirror that is shipped pre-framed

MVP-SLH Retro

The MVP-SLH is a rear projection mirror system that features a 94% reflective glass mirror that is shipped pre-framed. Any of Stewart Filmscreen's rigid rear projection materials can be used. The system includes a 6-axis adjustable mount that is designed to hold any projector. The additional closed aluminum housing and matte black panels eliminate unwanted ambient light.

The MVP-SLH is available in 72-inch to 110-inch diagonal screens in the HDTV (16:9) aspect ratio. It is also available in sizes ranging from 60-inches to 120-inches diagonal in the NTSC (4:3) aspect ratio. Component racks (single and double) are available options as well as a camera port for video conferencing.

FEATURES

- Self-contained modular video system
- Choose from a variety of Stewart's glass or acrylic rear projection screen materials
- First-surface 94% reflective glass mirror
- Custom built for use with virtually any digital projector
- Adjustable projector mount
- Optional video conferencing port
- Access panels allow for easy servicing
