

Visionary Electriscreen

The Visionary is the most innovative and installation friendly retractable electric screen available

Visionary Electriscreen

The Visionary is the most innovative and installation friendly retractable electric screen available. Designed for new construction, the case is available to ship in advance to help speed up the building process. The Visionary features a self-finishing bottom plate, with adjustable drywall angles to accommodate various ceiling configurations.

The Visionary is available with variety of Stewart's front or rear projection materials. Our exclusive Tab-Guy™ tensioning system ensures a smooth and completely flat screen surface. Matte black over-scan borders* provide a perfectly masked image area.

Microperf X2 and Cinemaperf options are available when acoustic transparency is required (acoustically transparent black drop available upon request).

SPECIFICATIONS:

Electronically controlled screen system	Included
Aluminum extrusion housing/case	Included
3-1/4 inch roller tube with insulated drive	Included
Tab-Guy™ tensioning system	Included
Matte black over-scan border*	Included

SCREEN MATERIAL:

Front projection	Included
Rear projection	Optional

PERFORATIONS:

Microperf X2 THX Ultra	Optional
Cinemaperf	Optional
Acoustically transparent black drop only	Optional

MOUNTING:

Recessed/ceiling	Included
Adjustable drywall flanges	Included

SCREEN MOTOR:

120 Volt	Included
220 Volt	Optional

SCREEN CONTROL:

HVS (high voltage switch)	Included
LVC (low voltage control - includes 3-button switch)	Optional
STI (12V screen trigger interface)	Optional
Quiet electronic drive	Optional

CASE/HOUSING DIMENSIONS:

Case height	7.875 in (200mm)
Case depth	6.25 in (159mm)

For custom sizes and gains, please consult the WebSA or your local Stewart representative at: www.stewartfilmscreen.com/rep

*It is important to request only the amount of black drop required to ensure a perfect image.

FEATURES:

- Electronically controlled retractable screen system
- Native aspect ratio as per request
- 3-1/4 inch diameter roller tube with insulated screen drive
- Aluminum extrusion housing/case (standard white finish)
- Available with a variety of Stewart's front and rear projection materials
- Exclusive Tab-Guy™ tensioning system ensures a smooth and flat screen surface
- Matte black over-scan border* provides for a perfectly masked image area
- Self-finishing bottom plate with adjustable drywall flanges
- Standard 3-position high voltage wall switch (HVS) included
- Optional control systems offered
- Quiet motor technology is optional for a silent screen operation
- Custom sizes and aspect ratios available
- Choose the Visionary Grande when a larger screen size is needed
