

Luxus Model A

This basic retractable model is ideal for multi-purpose applications within residential or commercial settings

Luxus Model A

The Luxus Model A is ideally used in multi-purpose applications within the home. This basic style electronically controlled retractable screen allows you the option of having the screen disappear when not in use.

The Luxus Model A is available with variety of Stewart's front or rear projection materials. Our exclusive Tab-Guy™ tensioning system ensures a smooth and completely flat screen surface. Matte black over-scan borders* provide a perfectly masked image area.

Microperf X2 and Cinemaperf options are available when acoustic transparency is required (acoustically transparent black drop available upon request).
