Features

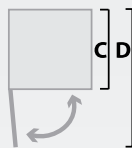

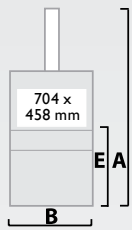

- The smallest front loaded baler in Orwak's assortment
- Compact machine
- Small footprint
- Adjustable bale size
- Equipped with autostart
- New design
- Easy to use
- Single phase unit
- Service & maintenance indicator

Technical specifications

Dimensions 3105

A: 1990 mm
 B: 866 mm
 C: 680 mm
 D: 1365 mm
 E: 648 mm

Loading aperture

Width: 704 mm
 Height: 458 mm

Cycle time: 27 secs

Press force: 1.5 ton, 15 kN

Bale size

Width: 700 mm
 Depth: 500 mm
 Height: ≈ 600 mm

Bale weight

Cardboard: Up to 40 kg
 Plastic: Up to 50 kg

Chamber dimension (internal)

Width: 700 mm
 Depth: 500 mm
 Height: 1008 mm

Weight (machine)

Total: 305 kg

Noise level: 62.3 db (A)

Protection class: IP 55

Operating power

Single Phase 230 V, 50 Hz, 10 A

Paint

Two-part paint and powder coat with phosphatising as base

Oil volume/type

ISO VG 32-68 SAE 10 from +5 °C and warmer

Hydraulic data

Working pressure: 90 bar
 Relief pressure: 105 bar
 Press force (HP): 1.5 ton, 15 kN
 Piston stroke: 640 mm

Compact and flexible baler - fits where you need it!

Orwak 3105 is perfect for companies with small amounts of packaging waste. Model 3105 is the smallest front loaded baler in Orwak's assortment. The low height in combination with the small footprint make Orwak 3105 fit where you need it to be! It is a small but effective baler and it gives a volume reduction of 5:1!

Material selector

A material selector makes the choice between compacting cardboard and plastic easy. In the "plastic mode", the press plate stays down for 30 seconds to squeeze out more air from the voluminous soft plastic.

Autostart for efficient compaction

An autostart function allows the baler to start compacting the material as soon as you close the door.

Pocket for operating manual

Transparent covers for strap reels

Integrated door lock handle

New aesthetic design

 Service indicator

Adjustable bale size

Adjustable bale size

The cardboard bales weigh up to 40 kg and are easily handled with the Orwak bale trolley. Orwak 3105 offers adjustable bale length in three different sizes.

Silent operation

Due to a new type of hydraulics, Orwak has introduced "the silent family" - a line of balers with low sound emission. A silent operating machine contributes to a better working environment.
