Multi-Material, Multi-Purpose Side Loading Collection Vehicle

A 6-in-1 vehicle
for your collection
and maintenance needs.

Maximize

MODULAR OPTIONS

Utility Cabinet

Roomy storage for tools, equipment and supplies helps to keep you organized.

Snow Plow

Allows smaller towns to minimize capital expenditures and can be used as a back up for larger communities.

Litter Loder™

A powerful vacuum attachment increases pick-up efficiency of leaves, grass cuttings and litter.

Pressure Washer

A convenient high pressure washing tool with on-board water supply keeps collection containers, park benches, tables and signs clean and sanitized.

Chipper Door

Maximize your trucks utility. Eliminate dedicated chipper bodies by adding an optional chipper door and tow hitch.

Utility

MULTI-USE COLLECTION

Curbside Collection

Ideal for routes with frequent stops.

Hyd-A-Way™

Integrate with our 6 cu yd (4.5 cu m) containers to provide animal proof containment in higher volume areas.

Containerized Collection

Collect 6 cu yds (4.5 cu m) of material in under 3 minutes. Use the Hyd-A-Way System approach to maximize Total Life Cycle Savings.

Lane/ Manual Collection

With the lowest loading height of any side loader, the M-Class is still the best short-haul truck on the market.

Cart Collection

Integrate with semi-automated single or two-stream cart collection to reduce your costs. With the growing use of carts, your truck may not be complete without it.

Barrel Collection

Eliminate lifting of barrels with optional barrel dumper.

MORE OPTIONS

Two or Three Stream Collection Units available to service full range or combinations of solid waste, recyclables or compostables.

Hook-Lift Option lowers cost of ownership by providing increased chassis utilization.
