

NEW Cherrington Rock Picker

Models 4500 & 4500XL

There's never been a Rock Picker like this.

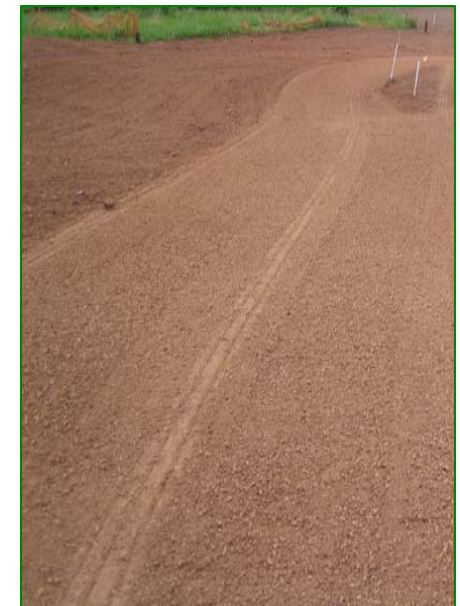

A Screened Seedbed is the Best Seedbed!

Cherrington's New Compact & Rugged Mobile screener is designed to make the job quick & easy with a perfectly clean seedbed. Load and screen the topsoil of all objects larger than the selected screen hole size.

100% clean the first time !

Compact - Dependable - Rugged - Low Maintenance

PTO powered all hydraulic drive means dependability. Solid steel loading paddles. No hoist or rollover chains - Only 3 bearings, this all means amazingly low maintenance with the quality and efficiency of a screener. No need for multiple passes, when you power screen you get it all the first time.

The way seedbeds were meant to be made.

Screen up to 6" deep. Screen as small as 3/8" 1/2" 3/4" or 1" dia.
Remove rocks up to 10" dia. Roots 3' 5 ft. wide screening, 40+ hp tractor
1 yd. hopper. 2 models: 4500XL
High-lift for un-loading at any height, up to 8 ft. 4500 ground dump.
Pintle hitch for easy hook-up & turning.
