

Pre-Engineered Steel Leg Work Benches . . .

- Leg Height is 32 1/4" high, add for top thickness.
- Heavy channel steel flared legs provide sturdy base for a variety of bench work tasks.
- Steel cross members welded between each upright add strength and rigidity.
- Base plates punched for floor bolts provide 24 square inch floor bearing surface per leg.
- Choose from eight different work surfaces (below) described on page 111.

No. 2510 shown in Putty with 2788 Drawer, 2628 Shelf Riser, 2662 Outlet Strip and 2602 Back and End Stops. See page 110 for Accessory information.
