

- **Sales Tip:** Recommended in upscale environments as the carpet-to-the-edge conceals obtrusive rubber borders. Barrier Rib should be placed so that traffic passes across ridges for maximum benefit.
- **Where to Specify:** Indoor - Main entranceways; any and all heavy traffic areas.

- Molded dual-ridge cross-rib pattern (A NoTRAX® exclusive) facilitates scraping and drying, retaining moisture and debris within its patented / invisible Aqua Dam™ border.
- Extremely durable, yet highly fashionable look featuring carpet-to-the-edge to blend with its surroundings.
- Anti-Microbial carpet treatment to stop bacteria and germs at the entrance
- 26 ounces of tufted yarn per square yard for increased moisture retention
- 3/8 inch overall thickness.
- Rubber underside features a cleat design which resists mat slippage.
- Available in continuous lengths up to 60 feet.
- Recommended and approved product as a part of the GreenTRAX™ program for "Green Cleaning" environments.
