

NC/CNC Tool Transporters

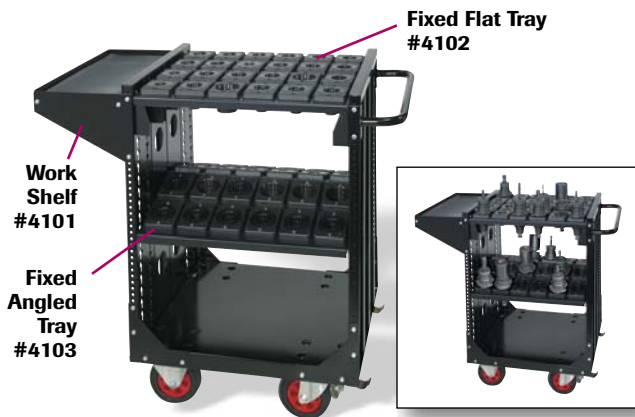

Lyon NC/CNC tool transporters are a safe, efficient method of transporting valuable tools from toolrooms to machining centers and back. We offer pre-engineered models or you can begin with a basic cart and design a model to meet your specific needs.

Either way, Lyon tool holders and trays are safely and easily transferred between Lyon storage drawers and machining centers via these heavy duty tool transporters.

CHECK OUT THESE IMPORTANT FEATURES:

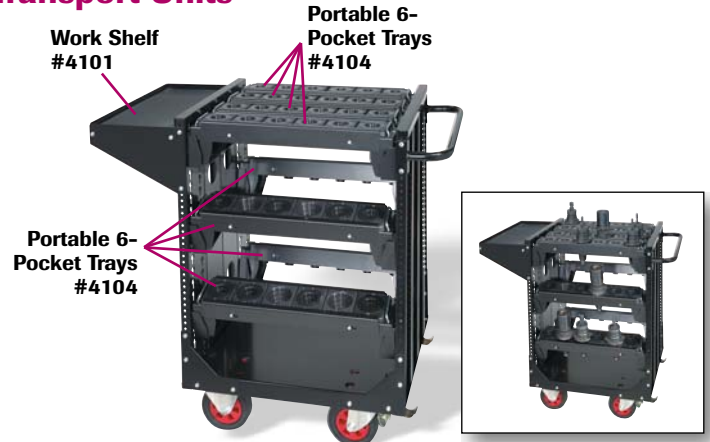

- 1200 lb. load-carrying capacity

To Design Your Own Tool Transporter, Follow These Simple Steps:

1 Begin with the basic Lyon CNC tool transporter. **No. 4100**

2 Select tool trays (and optional shelf) from list below (pictured above and/or below):

- 4101** – Work Shelf – 23 $\frac{3}{4}$ x 10 $\frac{5}{8}$
- 4102** – Fixed Flat Tray – 24 Pockets
- 4103** – Fixed Angled Tray – 24 Pockets
- 4104** – Portable 6-Pocket Tool Tray with drop handles (holds 5 #50 Taper Tool Holders; 6 each in other sizes) – 23 $\frac{1}{4}$ x 4 $\frac{5}{8}$

3 Specify part number(s) for the tool holder size(s) you require from the Tool Holder Selection Guide above.
