

Bung Access Funnel The Bung Access Ultra-Funnel allows access to the 3/4" drum bung. Installation of our pop-up liquid level gauge in the 3/4" bung allows visual monitoring of waste level in the drum and helps you plan ahead for drum removal. It also eliminates the mess caused by overfilling!

Part# 0482

Unique zig-zag channeled surface diffuses splashing. Level surfaces allow filters, paint cans, buckets and bottles to remain upright while draining passively.

Part# 0484

Optional hinged cover keeps dirt and unwanted materials out of your waste stream. It's also lockable for secure drum management.
