## 8000 Series Wire Shelving Sections Maximize Circulation and Visibility!

Lyon's 8000 Series shelving selections now include 36" and 48" wide sections with open wire shelves!

- Wire shelf shelving maximizes air circulation, allows increased visibility, deters dust and dirt build-up, and provides for enhanced fire safety by allowing more sprinkler access through shelves from top to bottom.
- All sections are 84" high, with a choice of two depths.
- Shelves are adjustable on 1½" centers.
