

# 36" Wide Tool Type Shelving Units – Custom-Build Your Own Tool Crib!

## Start With A Pre-Engineered Shelving Section, or Retrofit Existing Shelving!

Lyon Tool Type Shelving is the easiest way to divide Lyon shelving into tool sized compartments.

- Start with the pre-engineered shelving units shown
- Then add the appropriate tool storage unit(s).
- All you need is 39" spacing as pictured.
- Tool storage units can also be retrofitted to any shelving 18" deep with 39" high shelf spacing.
- Tool type shelving units can be used as stand alone storage.
- Shelving is shipped knocked down, while the Tool Storage Units are shipped set-up.
