

What Other Stormwater Manufacturers Won't Tell You

Under NPDES Phase II, operators of all categories of industrial activities (except construction) may request a conditional “No-Exposure” exclusion by certifying that all industrial materials and activities are protected by a storm resistant shelter to prevent exposure to rain, snow and/or runoff.

On this page are some of UltraTech spill containment products that can help you meet the NPDES “No-Exposure” exclusion.

If your facility meets the “No-Exposure” requirements, it does not need to develop or file a SWPPP.
