

# Command™ Gear Lockers

Steel Lockers

## For General Storage and Protection

Lyon Command™ Gear Lockers feature an advanced powder coating technology that inhibits bacterial, mold and fungal growth on locker surfaces, as well as the touch transfer of these microbes – 24 hours a day. Here’s how it works: Any moisture on the locker surface triggers the controlled release of powerful silver ions that provide around-the-clock antimicrobial protection.

- Lockers can be custom painted (Stock color: Putty).
- All-welded construction.
- Size Overall: 24" w x 24" d x 72" h
- Shipped Set Up

**No. RN5187W** – one wide
