

Quick Response To Small Hydrocarbon Leaks And Spills On Water

- Fast-wicking pads are designed to soak up 25 times their weight in oil and other petroleum products, but will not soak up water.
- Polypropylene "oil only" sorbent pads are cut to fit — easily removed and replaced after they have been saturated.
- Foam core allows mop head to float on top of the water and pull off oil, gas and hydrocarbon sheen that floats on the surface of the water.
- Floating design and pivoting handle make water surface clean-up easy with no stray oil pads to retrieve.
- Aluminum handle telescopes from 30" to 52" — provides easy reach to spills.
- Helps comply with the requirements of the Clean Marina Program when used as a Best Management Practice in Stormwater Pollution Prevention Plans (SWPPP).

Optional Ultra-Fuel Mop Drip Tray (Part# 3307) provides convenient storage for Mop and Pads.

ULTRA-FUEL MOP	
Part#	Description
3300	Ultra-Fuel Mop (includes six [6] Sorbent Pads)
3305	Ultra-Fuel Mop Replacement Sorbent Pads, 50-Pack
3307	Ultra-Fuel Mop Drip Tray (Used to drain and store Fuel Mop when not in use)
