

All-Welded Expanded Metal Lockers

Ideal choice for clothing and general storage in industrial plants, arenas, hotels, motels, hospitals, retail operations and schools.

TECHNICAL DATA

- All-welded heavy duty 13-gauge steel diamond mesh construction.
- Diagonal design steel mesh at front and sides provides maximum air circulation and visual inspection.
- Locker handles have built-in padlock attachment, and may be equipped with built in locks.

(A) All-welded, Single Tier Lockers

Full length door with three-point turn handle latching system. Storage shelf has double-prong coat hook underneath.

(B) All-Welded, Double Tier Lockers

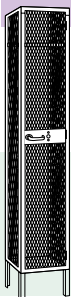

Ideal for shorter garments, where floor space is limited. Includes one double prong ceiling hook and three single prong hooks per opening. Three-point turn handle latching system.

(C) All-Welded, Six High Box Lockers

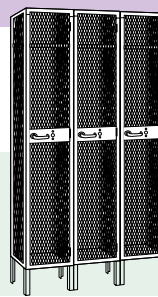

Designed to accommodate six people or for use in combination with single tier lockers to meet multiple storage needs. Doors have combination door pull-padlock attachment. When equipped with built-in key or combination locks, keys or locks serve as door pulls. Doors are perforated with $1\frac{7}{32}$ " x $1\frac{1}{16}$ " diamond shaped perforations. Sides are diamond design steel mesh.

NOTE: In the interest of safety, Lyon strongly recommends that lockers be floor and/or wall anchored. See page 88 for important locker anchoring information.
