

Respiratory Protection

DISPOSABLE DUST MASKS

North offers a range of disposable dust masks from an economical N95 to P95 and P100 masks for protection from particulates that may contain oil. All respirators are latex free, and NIOSH approved for protection from particulates such as dusts, mists and fumes.

N95 DUST MASKS

Exceptional fit and comfort is provided by a soft, cushioned nose seal and curved nose clip. The 7140N95 has an exhalation valve for cooler and easier breathing. Available in small and medium/large.

PART #	DESCRIPTION	PACKAGING
7130N95, S	N95 Dust Mask	20 per box
7140N95, S	N95 Dust Mask w/ exhalation valve	10 per box

ECONOMY N95 DUST MASK

Features a foam nose pad and nose clip for a better fit and seal.

PART #	DESCRIPTION	PACKAGING
6130N95	Economy N95 Dust Mask	30 per box

DELUXE P95 DUST MASKS

These disposable respirators feature a closed cell foam full face seal for optimum fit and comfort. The exhalation valve helps keep workers cooler and more comfortable. The 8140 and 8145 provide protection from oil based aerosols. The 8145 includes adjustable straps, and also provides odor relief from nuisance levels of organic vapors, acid gases and ozone.

PART #	DESCRIPTION	PACKAGING
8140P95	Deluxe P95 Dust Mask	10 per box
8145P95	Deluxe P95 Dust Mask w/odor relief	5 per box

DELUXE P100 DUST MASK

Maximum comfort and fit is provided by the full face seal of soft, closed cell foam. Other features include adjustable straps and an exhalation valve. The 8150P100 provides protection from oil based aerosols.

PART #	DESCRIPTION	PACKAGING
8150P100	Deluxe P95 Dust Mask	5 per box

REUSABLE HALF MASKS

North half masks feature a contoured sealing area for maximum fit and comfort. The low "dead air" space increases worker comfort and productivity. The enhanced cradle suspension is easy to adjust and sits securely on the crown of the head. All replacement parts are the same for both the 5500 and 7700 Series to help you keep your inventory under control. Both Series are available in small, medium and large, and are latex free. Refer to page 10 for a list of cartridges and filters*.

7700 SERIES

Made from 100% silicone, the 7700 Series is the most comfortable, best fitting mask available. Yet it is tough enough to stand up to the harshest environments.

PART #	DESCRIPTION	PACKAGING
770030S, M, L	Silicone Half Mask	1 per package

5500 SERIES

The 5500 Series is ideal for subcontractors and plant visitors. The soft elastomeric facepiece material is comfortable for hours of wear, yet the mask is priced to satisfy the thriftiest purchasing manager.

PART #	DESCRIPTION	PACKAGING
550030S, M, L	Elastomeric Half Mask	1 per package

REUSABLE FULL FACEPIECES

Provide both respiratory and eye protection with North's full facepieces. These models feature a hard coated polycarbonate lens with 200° field of vision, and meet ANSI Z87.2003 for high impact protection. The nose cup reduces fogging and increases worker productivity by limiting the re-breathing of workers' exhaled breath. The 5400 and 7600 Series are available in small and medium/large, and are latex free. Refer to page 10 for a list of cartridges and filters .

5400 SERIES

The economical choice without sacrificing comfort and worker protection. The lightweight 5400 Series full facepiece is made from a soft elastomeric material, and features a four strap head harness.

PART #	DESCRIPTION	PACKAGING
54001, S	Elastomeric Full Facepiece	1 per package

7600 SERIES

Optimal comfort is provided with this 100% silicone facepiece. Other features include a five strap head harness and dual flange sealing area for the best fit available.

PART #	DESCRIPTION	PACKAGING
760008A, S	Silicone Full Facepiece	1 per package
