

## JetSOLARIS Lightbars with ROC™ and SOLARIS™ Technology

The new JetSOLARIS LED lightbars utilize our patent-pending ROC™ and SOLARIS® technologies. ROC technologies minimizes 85% of potential connection failures while SOLARIS® reflectors efficiently collect and disperse light from LEDs. Each JXL LED lightbar is designed to provide complete 360° of warning light coverage. The LEDs found in the JetSOLARIS lightbar provide many benefits to customers including long lamp life, low current draw and a 5-year warranty. JXL bars feature halogen TCL lights for increased traffic clearing capability. Several built-in flash patterns generate strobe-like activity to catch driver attention. These lightbars are configured to NFPA 1901 requirements (in all red) and are available in 48" or 54" lengths.

- ▶ All models feature SOLARIS® LED reflector technology
- ▶ Innovative ROC™ (Reliable Onboard Circuitry™)
- ▶ Can be configured to meet NFPA requirements
- ▶ Available in 48" and 54" lengths
- ▶ Five-year LED product warranty
- ▶ Color: Red

Cat#	Description	Color	Price
BA139	48" JetSOLARIS Lightbar with ROC™ and SOLARIS® Technology	Red	\$1,513.95
BG178	54" JetSOLARIS Lightbar with ROC™ and SOLARIS® Technology	Red	\$1,613.95

## Legend LED Lightbar

- ▶ Ultra-bright white LED takedowns available
- ▶ Low-profile, linear lightbar design offers front and rear cut-off and dimming features
- ▶ Lightbar can be reconfigured on the vehicle
- ▶ Patent Pending ROC (Reliable Onboard Circuitry™) technology eliminated approximately 85% of the potential failure points in a typical lightbar
- ▶ Newly optimized SOLARIS® LED lights maximize warning signals at 360° and 90° off-axis
- ▶ Optional built-in SignalMaster™ directional warning
- ▶ Advanced microprocessor controller provides three modes of operation and a library of flash patterns
- ▶ 5-year LED warranty

BH075	45" Legend LED Lightbar Driver Side Red LEDs Passenger Side Blue Halogen Alley and TD, Hook Mount Kit	\$2,299.95
BH076	45" Legend LED Lightbar Driver Side Red LEDs Passenger Side Blue LED Alley and Halogen TD, Hook Mount Kit and Built-In SignalMaster	\$2,399.95

## ARJENT S2 LED Lightbar

- ▶ Innovative elliptical design positions the light heads for continuous warning coverage and superior off-axis warning
- ▶ ROC (Reliable Onboard Circuitry™) eliminates approximately 85% of the potential failure points in a typical lightbar
- ▶ Ability to reconfigure the entire lightbar on the vehicle
- ▶ SOLARIS® LED lights are optimized for the ROC assemblies and offer even better optical efficiency
- ▶ Microprocessor controller provides a library of flash patterns, and built-in SignalMaster™ directional warning
- ▶ RS485 bus connection simplifies installation with only power, ground, and snap-in RJ-style connections
- ▶ High-power halogen takedown and alley lights provide excellent scene coverage
- ▶ Aerodynamic housing and aluminum base provide fuel efficiency as well as stability, with mounts available in black or neutral colors
- ▶ 53" versions fit a wide variety of vehicle sizes
- ▶ 5-year LED product warranty
