## Electric Hose Dryer

### Dries Hose or Clothing in Just a Few Hours

The most efficient, time and work saving devices for the most arduous job of getting hose ready for service after usage. Departments large and small will reap the benefits of this hose dryer. Fresh air is drawn over the heating elements by the top mounted recirculating fan, warming the air to the proper temperature. Warmed air circulates from the bottom up through the hose. The warm air changes 5 to 6 times a minute and dries hose jackets in a few hours. *Call for detailed specifications. Ship. wt. 1,100 lbs.*

## The Automatic Fire Hose Washer

### "It All Comes Out in the Wash"

You'll be amazed at how thoroughly, easily and quickly this remarkable cleaner does its job. Ashes, dirt, silt, mud and sludge are all scrubbed and flushed away, restoring hose to its original color. Quiet, chain-drive operation eliminates need for service and repairs. Built to last a lifetime and equipped with long wearing, genuine nylon brushes. Check out all the great features of the Automatic Fire Hose Washer. *Ship. wt. 680 lbs.*

- ▶ **Hose is Self-Propelled** - Convenient foot pedal applies pressure on pivoted wringer roll, pulling hose through the washer under its own power.
- ▶ **Uniform Washing** - Wringers propel hose through washer, ensuring an even, uniform cleaning at a rate of about 30 ft. per minute.
- ▶ **Cleaning Action** - Hose is soaked in immersion tank filled with lukewarm or cold water. Add detergent as you see fit.
- ▶ **Drains Hose Linings** - Squeegee action of neoprene wringer rolls eliminates necessity of hanging hose in tower to dry.
- ▶ **Washes Edges** - Hose imbeds itself in the soft-staggered nylon brushes, scrubbing edges as well as flat surfaces.
