

WildFire Protective Headgear

Designed specifically to meet the requirements of wildland firefighters. They offer fire fighters protection, versatility, comfort, and value. Made of high-heat thermoplastic which offers superior impact protection and penetration resistance in non-structural, high-heat environments. In addition, they deliver added electrical insulation required for ANSI Z891-1986 Class A & B helmet specifications. Features include glare-reducing texture, shell-bonded goggle retainers for secure storage of eye protection and reflective strips for increased wearer visibility through smoke at night. Accepts a full range of mounting brackets for face shield visors or face shield screens. *Meets NFPA 1971, 2005. Ship. wt. 1 lb.*

- ▶ More secure suspension attachments
- ▶ Simple headband adjustments for a custom fit
- ▶ Larger replaceable pillowed brow pad
- ▶ Seamless suspension straps
