## Fold & Roll™ Sign System

Emergency personnel face not only the hazard at the situation they are attempting to suppress, but they are also facing hazards from motorists driving through or near an emergency scene. Advanced warning signs alert motorists of hazardous conditions ahead and create a higher level of awareness. Proper training in the use and deployment of signage is essential as are general safety guidelines to be used in hazardous situations. *Ship. wt. for sign 8 lbs., sign and stand 27 lbs.*

## Always Be Prepared with Instant A-Frame Plastic Barricades

Heavy, rugged and very visible; excellent for crowd control and crime scene protection. I-Beam construction, available in 6' or 10' lengths, assures additional rigidity and protects the high-intensity reflective sheeting. A-frame legs come with upper and lower panels slots and can be internally ballasted with sand. Beams have precise fit into matching slots on A-frame pieces. The white color never needs painting and the entire unit won't rust or give splinters. Complete unit includes two A-frame pieces and your choice of one or two I-beams. *Ship. wt. 19 lbs.*
